BIOGRAPHY:

Based in the northern New Jersey / New York City area, Lounge Act aims to bring an authentic live Nirvana performance to those fans who may have not had the chance to see one of the most influential bands of all time, live in-concert. Formed in the fall of 2010 to pay tribute to Kurt, Krist, and Dave (Nirvana) in the purest and most genuine form – Lounge Act does not only focus on the 'poppier' singles that most of the general public remember Nirvana for.... but also, the deeper tracks into the Nirvana catalog that we feel true fans would love to actually have the chance to experience live!

Lounge Act delivers a raw, accurate, and genuine performance of the entire Nirvana music catalog. See our upcoming shows to ensure you don't miss the opportunity to enjoy this ground-breaking music LIVE

Finally – can I call them headliners? – Nirvana tribute band, Lounge Act came on stage and performed meticulous, loving and faithful tribute versions of the revered Nirvana repertoire. A mosh pit formed and became increasingly enthusiastic throughout their set, which included “Aneurysm,” “Heart Shaped Box” and the creepy “Rape Me” and “Lithium.” I counted around 12 or 13 songs.

“Lounge Act! Bravo. Instead of going cliché, you went B-side from Bleach onward. This was perfect for those of us weary of the usual Nirvana covers, which enabled a refreshing take to simply enjoy your musicianship. You even added your own spin to some tracks, such as kicking it up on Polly... beautifully building us up to a complete explosion of musical merriment once we hit the hits. I actually don’t even remember much about Smells Like Teen Spirit other than immediately going into mosh-mode, alongside members of [@jaroffliesnj](#) 🙄 ... (you know a band is getting it right when other bands go crazy. Love it!) ... at the awesome ‘90’s Music Fest that you, [@lounge act nirvana tribute](#) , helped organize [@debonairmusicnj](#) last Saturday night. Bravo again!!
